

THE INTELLIGENCER.

LOCAL MATTERS.

BRIEF MENTION.

Dr. S. S. Marshall, of Greenville, in town last Thursday—the unfortunate accident to his sister, Mrs. Orr, demanding his presence here at that time.

Willie Redmond, colored, sent us a fine turnip the other day—one of the largest we have seen this season. It measured twenty-four inches in circumference.

The full text of Judge Cooke's charge to the grand jury appears in this issue. It was listened to with great interest and satisfaction by a large audience.

The removal of troops from Columbia indicates that the outside pressure against the State is not so formidable as once existed. Chamberlain is a myth as Governor without troops.

The Young Men's Christian Association will hold its regular business meeting on next Wednesday evening in Temperance Hall. The members are requested to be punctual in attendance.

Governor Hampton has made a wholesale removal of County Treasurers and County Auditors in the State, including B. D. Dean, Esq., the Treasurer, and Thomas J. Webb, the Auditor of Anderson County.

We would direct attention to the advertisement of Mr. Samuel Murphy, who is opening a new marble yard in this place. He is just starting in business on his own hook and deserves encouragement.

Up to the time of going to press, there has been issued by the Special Agent twelve hundred and fifty-nine receipts, aggregating the sum of \$340.85. About one hundred of the receipts were issued to colored men.

The ladies of the Baptist Sewing Society propose giving an oyster supper at Masonic Hall on the evening of February 14th—next Wednesday. A post office will be opened, through which the young folks can send their valentines.

Col. George F. Townes, of Greenville, was in Anderson last Thursday. He is a genial and accomplished gentleman, and naturally gravitates towards newspaper offices, in which much of his time and labor have been spent.

Col. R. A. Thompson, of Walhalla, was in our town last Thursday on legal business. He represents Walhalla as generally dull and financially duller, but expecting better things when Hampton and Home Rule are fully secured.

Mr. Wm. S. Fraser, the courteous and gentlemanly agent of the Charleston Journal of Commerce, was in Anderson this week. He is a live, energetic man, and is meeting with great success in procuring subscribers for a capital newspaper.

The Anderson Cornet Band gave a delightful serenade on Tuesday evening, and the crowd accompanying them called upon Judge Cooke, Solicitor Cochran, Gen. McGowan, Col. Zimmerman Davis, of Charleston, and Capt. James A. Hoyt, who responded in short speeches on the situation.

A prominent citizen of this vicinity, who is quite mindful of his recent experience, refuses now to let us know his point of destination when he goes away from home. He went to Seneca City last week, and we have engaged a special reporter to give us the facts connected with his visit to that thriving town.

The Special Agent for the collection of the ten cent contribution gives notice elsewhere that he will be at Bolton, Williamson and Honea Path the latter part of next week. Other appointments will be announced in our next issue. He will remain at Anderson until Wednesday evening, 14th inst.

The Governor has made the following appointments of Trial Justices in this County: R. X. Wright, Esq., for Honea Path and Martin Townships; W. H. D. Gaillard, Esq., for Pendleton and Garvin Townships; W. F. M. Pant, Esq., for the Fork Township. These are excellent appointments, and will meet with general approval in their respective localities.

Col. Zimmerman Davis, representing D. H. Jones & Co., who are the State agents for Whann's Bahama Soluble Guano, has been in our town this week. He pointed Messrs. Prevost & Cunningham as the agents at this place, and their advertisement will appear next week. Col. Davis is making a thorough canvass of the up-country, and is meeting with hosts of friends in every section.

The following officers have been elected and installed to serve Mio Mr. Grange, No. 294, the present year: B. F. Price, W. M.; J. R. Ashley, O.; J. B. Hampton, L.; Tom Hughes and S. A. Wiles, A.; J. H. P. Price, Chap.; J. O. McKee, Treas.; S. M. McKee, Sec.; J. W. McKee, G. K.; Miss M. J. Leverette, C.; Miss R. H. McKee, P.; Mrs. J. W. McKee, F.; Mrs. Johnson Hall, L. A. S.

The Charleston Journal of Commerce, in speaking of Bill Parker's speech at the Greeley Institute, says: "This man is a Greeley Institute peddler, and if the people of Anderson understand their best interests they will not wait for the passage of the St. Domingo annexation bill, but will at once subscribe the money, and send this preacher and his followers to the island which they pretend to covet."

We regret to announce the death of John Caminade, which occurred on the 26th of January, after a protracted illness. He was a native of Savannah, belonged to French family which resided in St. Domingo about twenty years ago, and afterwards came to this country. The family removed to Charleston when he was quite young, and about forty years ago Mr. Caminade came to Pendleton, where he has since resided, possessing the esteem and confidence of his neighbors. He leaves five daughters, all married except one. He was about 68 years of age.

E. P. Earle, Esq., has sold his interest in the Anderson Journal to his former partner, Mr. A. S. Todd, who will continue its publication as heretofore. Mr. Earle retires from the field of journalism on account of pecuniary interests requiring his removal from the town of Anderson. Our intercourse with him has always been pleasant and agreeable, and we tender him a kindly salutation at parting. Mr. Todd enters upon the duties and responsibilities of his position with modest pretensions, and has our cordial welcome into the full harvest of the fraternity. He is a young man of sterling qualities and deserves success.

**Scarcity of Money.**  
There is no doubt but the present condition of all kinds of business and industry is fearfully depressed, and it behooves every family to look carefully to their expenses. Winter is coming on when children are liable to Croup, Whooping Cough, etc. Croup and Colds will prevail everywhere, and Consumption, with other throat and lung diseases, will carry off many. These diseases should not be neglected. Doctor's bills are expensive, and we would advise you to use BOSCHER'S GERMAN SYRUP. It never has failed. One bottle at 75 cents will keep your whole family well during the winter. Two doses will give any case. Sold in all towns in the United States, and by your Druggist, Wilhite & Williams.

THE SAN DOMINGO (?) RESOLUTIONS.

The following preamble and resolutions were adopted by the San Domingo (?) meeting, held at the Greeley Institute, and whose proceedings were faithfully sketched in our last issue. This document was furnished to the Columbia Union-Herald, and the remarks accompanying it state that, in addition, expressing loyalty to the government of D. H. Chamberlain as the only legal government in the State, resolving to pay taxes to him and none other, and agreeing to obey only his officers. This is a grim and feeble joke on the part of the Chamberlainites, as they are not likely to have an opportunity of paying taxes to the usurping government, and there are no officers worth speaking of in Anderson County who favor his benignant rule. Besides, the Chamberlain tax-payers are not overflowing with money or credit, if we believe their own stories about the pitiful condition of the colored population in Anderson County.

Seriously, the statements contained in the preamble are utterly without foundation, so far as we can ascertain, as to laborers living in the woods and old fields, driven from their homes because of political reasons. In the first place, we do not know of a single instance where an honest and upright laborer has been driven to the woods and old fields, and denied shelter for his family. It is true that some are out of employment, but the number is exceedingly small, and results largely from the inability of farmers to give employment to them, because they cannot purchase supplies on time as formerly.

Merchants are compelled to restrict credits, and hundreds of farmers are necessarily crippled in their operations this year. The limited number of leaders proscribed under the resolutions of the Democratic Executive Committee, not embracing more than one hundred at the outside figure, have removed from the limits of the County, or are employed on lands belonging to Republican sympathizers. The few leaders who are now used as tools for the purpose of engineering strife and discontent among the laboring population do not and have not lived upon land belonging to Democrats. Not one of the men who figured so extensively in the San Domingo business has been discharged as a laborer, and neither of them can give reasonable proof for their reckless assertions. But the objects in view were partly accomplished in bringing several hundred laborers from their homes to the furtherance of political purposes. The resolutions are disseminated over the country just as they were prepared at the "strange night" in Columbia. The beliefs of the party leaders are obeyed, and the whole story is made for foreign consumption. But the local objection is to galvanize the Republican party of Anderson County into life and being once more. It is a wretched corpse at this time, wrecked and stranded upon the shores of corruption, degradation and ignorance. One-third of the colored voters in this County assisted at its funeral on the 7th of November last, and there is no resurrection from its inglorious fate, unless our people are willing to forego the advantages secured by its demise. Democratic land-owners and employers are not compelled to foster and support the blatant, noisy leaders, who, in every precinct, are the source of mischief and contention, seizing upon every trifling to poison the minds of the black laborer against his white employer.

It is no wonder that resolutions are prepared and sent up from Columbia against this policy of designating leaders for proscription, for it is through these local leaders that the Republican party has maintained its ascendancy over the rank and file of the colored population. Hence, we would urge upon the farmers to give employment without stint and to the extent of their ability to the laboring classes, and to let their faces against the turbulent, disorderly and prejudiced leaders, whose efforts are directed to magnify the evils by which all classes are environed, and create dissatisfaction among those who are employed already and in the enjoyment of comfortable homes. A similar meeting was recently held in Darlington, and similar resolutions adopted there on the San Domingo question, which satisfies us fully that this whole movement was concocted in Columbia.

The preamble and resolutions adopted here are as follows:  
We, the colored laborers, farmers and mechanics of Anderson County, met in convention to consider the action of our white fellow citizens taken in a convention recently held at the call of the Democratic Executive Committee upon the subject of labor and in favor of proscription and political disfranchisement of our own freedmen, and in that it is our duty to condemn and expose the oppressions sought to be imposed on American citizens because of their color. We, as laborers, denounce as false all charges that we are actuated by hatred to our employers; nothing that we have said or done warrants this assumption upon us by white capitalists. We have been true to them for years as laborers; we were faithful to them in the late war and have been faithful since; it was our labor which kept alive a government organized to enslave us; we fed and sustained a soldiery which fought to keep us from freedom; we worked for their wives and little ones in the Southern States; it was our labor which maintained the widows and orphans of those fighting against our interests; it was our labor that built their dwellings; it was our labor which made their fortunes in Charleston as buiwaiks against our freedom; it was our labor which educated their children, which built the railroads, which made the South what it is today.

Knowing these things to be true, and that no malice has ever laid in our hearts against those who held us in slavery, we, as laborers, feel the present treatment of the white people as unjust and untrue. We, therefore, meet to protest against any attempts to curtail our rights of free opinion and free ballot, and adopt the following resolutions:  
Whereas, the white landowners of Anderson County met in convention on the 26th of January, and passed the following extreme resolutions to our detriment, namely:  
"Resolved, That this convention adopt the actions of the labor question with the addition of General Hampton's support, and that Hampton government and refuse to pay taxes to the Chamberlain government, and who join the clubs be treated as Democrats."

Resolved, That the rank and file of the Republican party be left unacted upon by our people for the present, and that after the 1st day of January next, if General Hampton is supported, we, as laborers, will support the Republican party or local leaders in the recent election, and that all assistance and encouragements be withheld from them.  
Resolved, That the treatment of the rank and file of the Republican party be left unacted upon by our people for the present, and that after the 1st day of January next, if General Hampton is supported, we, as laborers, will support the Republican party or local leaders in the recent election, and that all assistance and encouragements be withheld from them.

Resolved, That with a view to carrying out the foregoing recommendation we suggest that a complete list of all the voters in the late election be published forthwith in pamphlet or circular form, and that the names of every Democrat be printed in one list, by precinct, with the letter (W) or (C) to denote white or colored, and that the names of every Republican be printed in another list, by precincts, with the letter (W) and (C) to denote white and colored, and that the names of all Republican leaders be distinguished from the rank and file of the party by having an asterisk opposite to them, and that each club designate who are such leaders in the bounds.

Resolved, That we recommend that the clubs proceed immediately to enroll the names of all colored men who are willing to join our organization, and that all who join before the 1st day of January next be treated as Democrats in the contracts to be made for the coming year.  
And whereas since the above resolutions have been circulated among the clubs many have been circulated among the clubs many because we will continue to be Republicans, and are subjected to fear of want and other calamities; and whereas we have evidence that many of our fellow laborers are now living in the woods and old fields, in miserable huts, suffering from cold and want of food, having been driven from their homes because of their political opinions; and whereas we feel that some measures must soon be taken by us to relieve our distresses; and whereas it is evident that we cannot live among the white people of this State and preserve our liberty of opinion and political action, or without incurring their hatred and indignation.

Resolved, That we endorse President Grant's late message to Congress relative to the annexation of San Domingo to the United States, as a view to make it a home for the freed people of color.  
Resolved, That we urge upon the President that he renew his efforts to secure such action by Congress in his behalf.  
Resolved, That we ask our Senators and Representatives to give their aid to the President in this cause.

Resolved, That we urge upon our fellow-laborers in other counties of this State, who are similarly persecuted, to meet at an early day, say February 10th, to consider what is best to be done to resist or to avoid the calamities sought to be put upon us for political opinion.  
Resolved, That a copy of these resolutions be sent to the President of the United States, to Frederick Douglass, Esq., that they may exert their influence in the cause.

Resolved, That the proceedings of this meeting be published in the Columbia Union-Herald, New York Times and Tribune, the Washington Republican, and the Methodist Advocate of Georgia, and that a copy be sent to the Governors of the several States.  
SEABORN McCURRY, Chm'n.  
Mosses Lee, Secretary.

State vs. Peter Blackwell. Bigamy. Guilty. Fifteen months in the Penitentiary.  
State vs. Isaac Holland. Arson. Not guilty.

State vs. Sam Ayres, Joel Holland, and Jim Holland. Burglary. Joel and Jim Holland not guilty, Sam Ayres Guilty. Three years in the Penitentiary.

PENDLETON LOCALS.

In response to your request for locals, &c., we give you what little there is in this ancient town; but news, like money, is very scarce in our neighborhood, so you will please take it for the deed and make the most of it. Some of our "fair ones" are intent on soon getting up charades—proceeds to be devoted to the Baptist Church. Your correspondent has great hopes of their success from past experience at the same hands. Mr. J. Newton has retired from Messrs. Randall & Newton, and has opened a store in Dr. Maxwell's building, where we bespeak all sorts of success to friend Joseph. We greet with pleasure the appointment of our genial friend, W. H. D. Gaillard, as Hampton's opponent of the law. The recent cold weather made will give quite plentiful on the river. Nine of our Nimrods have succeeded in roasting one of them to date. We are soon to welcome among us a gentleman from the North, who intends to return with his fair young bride and settle in our midst, the lady being a native of this place.

QUEL QUE FOIS.

The acreage devoted to wheat is much larger than usual, and the growth at present is very promising. Townville has just had a picture gallery. Everybody got their pictures—big, little, old and young—"bo white and black." The past ten days the weather has been fine and spring-like. Farmers have "made things happen" in a manner quite refreshing. County Commissioner Gantt will enigrate at an early day from the haunts of Townville to his plantation near Shallow Ford, where he proposes to engage in agriculture and merchandise. Mr. Jesse Hutchins, in his 25th year, died on the 30th ult. at his home near Brown's Muster Ground, from the ravages of consumption, superinduced by an attack and relapse of measles. In view of the general scarcity of provisions and the inability of the people to get them, Capt. Vandiver wisely concluded that "somebody will have to go to bed hungry." Farmers will desist from using guano in such large quantities as heretofore, supplying its place with home-made manures. This is a commendable move. A careful estimate of the amount of cotton packed at the various gins in this immediate locality the present season, aggregates near 1500 bales, which, at a fair average valuation per bale, rounds up the sum of \$75,000.

WILLIAMSTON LOCALS.

Dr. Epting has an ice-house, and expects to furnish all the Grangers mineral-water cocktails next summer. What a blessing is ice in summer at two cents per pound delivered at your door. Old Jack, the pumper at the tank of the G. & C. R. R., is soon to have a Centennial Entertainment, as a new tank is to be erected, and during its progress this faithful employee is to show his foot for dancing. Pete Boatner is to be chief fiddler. Tommie Crym, Jr., is a first-class fire insurance agent, but shows no disposition to marry. The Williamson girls are going off like hot cakes—those that have not recently married are engaged. Business is said to be looking up, as Anderson & Chapman have just received two car loads of long and short sweetening from New Orleans. This is the place to buy your syrup and sugar. Marion Strickland furnishes the biggest loads of wood that are received in this town. What a blessing to have good fires, even if ham and eggs are scarce. Hugh Prince says Dr. Moore carries the best chewing tobacco in the town. Our Town Council is regarded as "wet," yet the temperance cause is flourishing. It is feared all the money received for licenses will be paid out to special policemen to keep order. The Williamson Female College opens the spring session February 6th, under the most favorable circumstances. The College is full of pretty girls. Joe Rogers has a black gilt that has six pigs two months old that will average seven-five pounds each. The food furnished is butter-milk and meal. The Grangers will make a note of this for Col. Aiken's column in the News and Courier. Col. Robt. Hodges has the best horse in town, with the exception of one whose name is Lucy. Daniel Greer, the only radical colored man in town, is going to remove to the country, as Hampton negroes are too thick for him to flourish. Henry Wood, the great tanner, is shipping dry hides to Boston, and is growing rich. Jarrett Wilson, the negro marshal in this town, makes it a rule not to cause arrests among his colored friends, without he has some reason to believe they can pay their fines.

LOCUM STAGILLI.

HOPEWELL DEMOCRATIC CLUB.

A regular meeting of Hopewell Democratic Club was held at the usual place of meeting, Ball's Mill, on February 3rd, 1877. Capt. M. B. Williams called the Club to order, and made some appropriate remarks, urging the members to pay immediately the ten per cent. tax in support of Hampton's government.

The President then announced that the time had arrived for the election of officers to serve the ensuing year. After the thanks

of the Club had been tendered to Capt. Williams for the efficient manner in which he had served the Club as President during the political campaign, the following officers were elected:

President—A. M. Guyton.  
Vice Presidents—J. M. Hamlin and M. B. Williams.  
Recording Secretary and Treasurer—Wm. A. Neal.  
Corresponding Secretary—B. C. Martin.  
Executive Committee—David Owens, R. H. Anderson, Silas Kay, I. L. Mosley and R. C. Martin.  
Mr. J. M. Hamlin then made some very urging remarks to the Club, setting forth the necessity of adopting the recommendations of the County Convention, in reference to the employing of hands, which question was then submitted to the Club, and after some considerable discussion, upon actual ballot, the Club refused to adopt the recommendations of the Convention.  
On motion, the Executive Committee was instructed to notify all members who have given employment to persons who voted the Republican ticket at the late election to come forward at our next meeting, and show cause why they shall not be expelled.  
Adjourned to meet first Saturday in April next.  
W. A. NEAL, Sec.

THE LOCATION OF NEWBERRY COLLEGE.

The undersigned was made, by the Evangelical Lutheran Synod of South Carolina, at its last meeting, chairman of a committee to receive bids or proposals for the permanent location of Newberry College.  
Notice is hereby given that all bids must be made in writing, and sent to me, on or before the first day of April next, to be examined by Committee, and by them submitted to a called meeting of Synod to be held for the purpose of considering such bids.  
J. HAWKINS,  
Chairman of Committee.

UNITED STATES SENATORS.

The election in New Jersey has brought to the surface a new man, who defeats Hon. Frederick T. Frelinghuysen, the present incumbent, who is an ardent Republican. The successful candidate is Hon. John R. McPherson, who was elected by a majority of one vote. The Republicans attempted the same game as in Illinois, and brought forward Geo. M. Robeson, the Secretary of the Navy, at the very last moment, when it was ascertained that Mr. Frelinghuysen could not be re-elected. It was rumored that two Democrats had promised to vote for Mr. Robeson, with the understanding that they were to receive substantial reward for their votes, but this expectation was not realized, and the ballot stood: McPherson, 41; Robeson, 40. It was a strict party vote. Mr. McPherson has not been known in politics outside of New Jersey, but he has always taken an active interest in the subject, and it is said that his energy and influence carried several counties for Mr. Tilden, for whom he has a great admiration. He has been quite successful in business, as a cattle dealer, controlling large interests in the live stock trade, and the projector as well as president of the great stock yard and abattoir company in the neighborhood of Jersey City. His election is another illustration of the tendency of the times to make legislators out of business men, instead of relying for them exclusively on the legal profession, as was once the almost universal rule. There is no special significance in the choice of Mr. McPherson beyond this illustration, however.

The prolonged struggle in Georgia has occupied a large share of public attention. The present incumbent, Senator Norwood, was a candidate for re-election, and his strongest opponent was Hon. B. H. Hill. The canvass was exceedingly lively and interesting, and at the opening both of the prominent candidates were on the field in person. Ex-Gov. Smith had a strong following, and Ex-Gov. Herschel V. Johnson had a few devoted adherents, who fondly hoped that their favorite might become the compromise candidate. Ex-Gov. Joseph E. Brown was regarded as a possible candidate, and his recent letter gave him much strength and influence, which was wielded at the last for Ben. Hill. Indeed, the contest was really over Hill and not over Norwood, and the sentiment of Hill's partisans was that he was against the field. The popular enthusiasm was in his favor, which resulted in bringing over the Smith and Johnson advocates, and on Friday last the stampeded in the election of Hill by a handsome majority. The defeat of Senator Norwood retires from active service an earnest, patriotic and capable man, who has served his State and country with fair ability and sedulous devotion. The friends of Mr. Hill claim that his election is a triumph of the people, and that the politicians were the only ones averse to his success. It is evident that Mr. Hill is not popular with the leading men of Georgia, who consider him erratic and unreliable in political life, but we are sure of no exception that there was any strong combination among them to compass his defeat. He is a brilliant orator and admirable debater, and we believe he will serve the people faithfully, but we do not think that his present victory will result in building up a Ben Hill party to control the State, as many of his enthusiastic admirers predict.
